CHAUHAN MD SAEEM MD SIDDIK

CS GRADUATE · SOFTWARE DEVELOPMENT · MACHINE LEARNING · ANALYTICS

Bengaluru, Karnataka | +91 6363035701 | saeemchauhan01@gmail.com | LinkedIn | GitHub

SUMMARY

Recent BCA graduate with a 9.31 CGPA and a strong foundation in core computer science principles (DSA, OOP, DBMS). Proficient in Python, Java, and C, with hands-on experience building practical, data-driven projects involving data analysis, machine learning basics, and web dashboards. Passionate problem solver with a proven track record of academic excellence and leadership, seeking an entry-level software development or data analyst role to contribute and grow.

SKILLS

Languages: Python, Java, C, JavaScript, SQL

Database & Version Control: PostgreSQL, Git

Web & Data Tools: HTML/CSS, Streamlit, Power BI

Core CS: Data Structures & Algorithms, OOP, DBMS

Libraries: Pandas, NumPy, Scikit-Learn

EXPERIENCE

Machine Learning Intern — Mar 2026 – Apr 2026

Future Interns · Bengaluru, Karnataka

- Engineered 3 end-to-end ML projects — resume screening, ticket classification, and demand forecasting — by leveraging Python and Scikit-Learn.
- Optimized NLP pipelines by applying TF-IDF vectorization and cosine similarity, achieving 85%+ accuracy across projects.
- Earned a Certificate of Completion and Letter of Recommendation, resulting from consistent technical performance throughout the internship.

PROJECTS

Smart Factory Digital Twin — 2026

Python · FastAPI · PostgreSQL · WebSockets · Docker · Groq AI

- Architected a factory monitoring prototype by leveraging a Python backend and PostgreSQL, thereby integrating Groq AI for chatbot functionality and gaining hands-on exposure to containerization through Docker deployment.

AI Resume Screening System — 2026

Python · Scikit-Learn · NLTK · Streamlit · TF-IDF

- Automated candidate ranking across 40+ skills by leveraging TF-IDF and cosine similarity, achieving a weighted scoring model (70% similarity + 30% skill match) that reduced manual screening time by ~80%.

Support Ticket Classification — 2026

Python · NLP · Logistic Regression · Scikit-Learn

- Engineered a foundational NLP multi-class classifier by leveraging Python and Scikit-Learn to route support tickets, thereby validating model performance through confusion matrix and precision-recall metrics.

Smart System Health Monitor — 2026

Python · Streamlit · psutil · Plotly

- Developed a real-time dashboard monitoring CPU, memory, and disk usage by leveraging automated PDF reporting, resulting in a live deployment on Streamlit Cloud for public access.

EDUCATION

BCA – Computer Applications — 2023 – 2026

Seshadripuram College, Bengaluru

CGPA: 9.31 / 10 · Achieved an SGPA of 9.56 in the final (6th) semester.

Topper: DBMS, DAA, FEIA & Hindi

2nd PUC – Commerce (CEBA) — 2022 – 2023

Sri Vidya PU College, Bengaluru

88.17%

ACHIEVEMENTS & LEADERSHIP

- **Paper Presenter** – OISCA Global Summit 2025 (Youth): 'AI-Powered Solutions for Environmental Restoration'
- **Best Tech Team Lead** – Multidisciplinary International Conference, Seshadripuram College (Mar 2026)
- **Best Organizer & Team Leader of the Year 2025** – Utkarsh Hindi Sangh, Seshadripuram College
- **Four-Subject Topper** – Recognized for academic excellence throughout BCA program

VIRTUAL EXPERIENCE · FORAGE

Goldman Sachs — Data Visualization

Analyzed large datasets and built dashboards to communicate business insights effectively using data visualization best practices.

AWS — Cloud Foundations

Explored cloud computing fundamentals, AWS core services including EC2, S3, and IAM, and cloud architecture best practices.

TCS — Software Engineering

Gained hands-on exposure to software engineering workflows, agile methodology, and real-world project development cycles.

CERTIFICATIONS

- Python Essentials 1 & 2 – Cisco (Jan 2026)
- Java & Advanced Java with Spring Boot
- Presentation Skills – TCS iON (Nov 2024)
- MS Office Tools – Grade A+ – Trivedi Institute (2024)
- Networking Essentials – Cisco
- Power BI Certification

ADDITIONAL INFORMATION

Languages: English, Hindi, Kannada, Urdu

Interests: Machine Learning, Software Development, Full-Stack Development, Competitive Programming

Soft Skills: Problem Solving, Team Leadership, Communication, Time Management, Event Coordination
